**X DOC 5.0 Medical
Program**

Skill 8 - The Medical personality for Androids. Comes with a variety of friendly and reassuring personalities - all the historical doctors humans find most charming, from Sigmund Freud to Bones McCoy. Includes the award winning "Quincy" personality profile, and the humorous "Dr. Death" subroutine.

**Software
Card**

**A
Space
Operetta**

**Action Jack HTH Combat
Program 5.0**

Skill 8 - You'll beat the crap out of them with "Action Jack" HTH Combat. Jump into action...comes complete with an East German accent module, and 1001 witty things to say. The ultimate personal violence assistant.

**Software
Card**

**A
Space
Operetta**

**Ask the Captain
Command Program 3.2**

Skill 6 - With Graphic User Interface!!! You'll feel crisp and in control. Too often an Android is the only competent leader left when delicate humans are blown to pulp in ship to ship combat. You'll feel reassuring and responsible with this personality RAM-Resident.

**Software
Card**

Operetta**

Alsarii Productivity 5.2

Includes Alsarii Day Minder, Alsarii Office, Alsarii Accounting, and Alsarii Library. Enlightened and independent software, totally free of kludgy Vergosi code. Based on the Alsarii ALTRIX operating system. Guaranteed 100% incompatible with any other system, but you can brag about how much better it is until you turn blue in the face, driving humans and Vergosi crazy!

**Software
Card**

**A
Space
Operetta**

Vergosi Suite 3.1

The galaxy's kludgiest Desktop.
Due to aggressive marketing,
Vergosi Suite is the most widely
used package in the world. Get
your copy today...

...or else!

**Software
Card**

**A
Space
Operetta**

Vergosi Works 4.2

The galaxy's most inefficient
Desktop Tools. Runs with
Vergosi Suite. And Only with
Vergosi Suite...you do have
Vergosi Suite **Don't** you!

**Software
Card**

**A
Space
Operetta**

Vergosi Bridge 5.1.3

Guaranteed to communicate
between any two computers, giving
you added capability Just as long as
both computers are 100% compliant
with obscure Vergosi Technical
specs. Runs with Vergosi Suite.
Sometimes. 100% compatible with
ALTRIX based systems, .05% of the
time. Remember, if it doesn't work
it's your hardware not our software!
